## FULL STACK DEVELOPER

Full Stack Developer with 2.8 years of experience in designing, developing, and deploying web applications. Proficient in both front-end and back-end technologies, passionate about continuous learning and staying updated with emerging technologies and best practices in software development.

---

## PROFESSIONAL EXPERIENCE

### Mathy Examsdaily Pvt Ltd

#### Full stack developer

Aug 2021 - Present

- Developed and maintained front-end web applications using HTML, CSS, JavaScript, Quasar and VueJS. Created back-end services for data manipulation and business logic using Java (Spring boot) and Node.js (Express).
- Designed database schemas to store application data using postgresql DB.

### Projects

#### Telecaller Project

A telecaller project for enquiry follow-ups and admissions typically involves reaching out to prospective students or customers who have shown interest in a particular course or service. The tele-callers would contact these individuals to provide additional information. Maintaining a database of calls, enquiries, follow-ups and admissions actions are essentials for monitoring progress and optimizing conversion rates.

#### Examsdaily - E-Learning Platform(Examsdaily App)

Examsdaily is your resource hub for Current Affairs, General Knowledge, Exam Notifications, Competitive Exam preparation, etc. We provide you with the latest notifications, study materials and results from the career industry. Examsdaily app we provide our users a rich real-time test and online/live class experience.
